PORTA-PAK

See why it's the #1 product of its kind.

Just drop a single Porta-Pak into the holding tank and add water.

The industry's most powerful portion control system in one convenient package. Just drop a single Porta-Pak into the holding tank and add water. Now with more color!

Porta-Pak is:

- Biodegradable
- Easy to use, easy to store
- Unbeatable odour prevention
- Breaks down solid waste & paper

Exodor Porta-Pak®

- Powered by WAVE 2 Technology for long-term odor control
- Quick dispersion in holding tank
- Three long-lasting fragrances
- EVERBLUE™ color – non-greening & non-staining
- Formaldehyde-free
- No skin contact when handling
- Long shelf life

BIO-PAK

EXODOR BIO-PAK® NATURAL ENZYME

Holding Tank Deodorizers & Waste Digester

Natural Enzyme Holding Tank Deoderiser & Waste Digester

Bio-Pak deodorising packets are the result of the Walex R&D Group's extensive research into discovering new, highly effective natural enzymes to control odour and liquify waste.

- Starts working immediately to control odours
- Rapidly breaks down waste & paper
- Environmentally friendly
- Non-staining colour - more colour added
- New fresh scent

PORTA-TAB

Holding Tank & Waste Treatment Tablets

- Dissolves quickly in brine solutions
- The only non-staining tablet

- Powered by WAVE 2 Technology™ for long-term odour control
- Biodegradable and Formaldehyde-free
- EVERBLUE™ Non-Staining Deep Blue Colour
- Coated for easy handling

PORTA-TAB® XL

- For summertime and high traffic conditions
- Week-long odour control in mild climates
- Perfect for special events and multiple services

Drop a single coated Port-Tab into fresh water and the effervescent, quick-dissolve formula disperses rapidly to control odours.

WAVE 2 TECHNOLOGY™

Better Science. Better Performance.

Exodor® deodoriser products are powered by WAVE 2 Technology exclusively developed by Walex R & D to give you better performance without higher cost!

- Still formaldehyde-free
- Safer for the environment
- Works faster and better
- Stronger deodorising power

LIQUID DEODERISERS

Creating Clean & Healthy Environments

- Powered by WAVE 2 Technology™
- Ideal for use in bulk waste tanks
- All formulas contain EVERBLUE™ Non-Greening, Non-Staining Colour

EXODOR PT-50 Concentrate

#1 Super Concentrate in the Industry - Powered by our advanced formula utilising WAVE 2 Technology.

- Complete odour control for extreme conditions (extreme heat and overuse)
- Use 30-60mL per 19L of fresh water
- Great for special events and less severe conditions
- Available in 20L drums only

EXODOR PT-50 Ready to Use

Ideal in guaranteeing accurate dosing and minimising 'over-dose'. Supplied with pre-measured dosing dispensers.

- Utilising WAVE 2 Technology
- Use a minimum of 100mL
- Available in 20L drums only

Exodor liquid deodorisers control odours in extreme conditions (including heat and overuse), with unique additives that break down paper and waste to reduce mounding and prevent scale build-up. Choose the product that best fits your needs, from powerful concentrates to convenient pre-mixes.

EXODOR® DEODORANT DISCS

- Provide a pleasant long-lasting fragrance
- Can be used in any area where mal-odours are a problem
- When used in portable toilet cabins, place disc behind the vent pipe or other suitable concealed locations.
- Slide zipper bag heat sealed for freshness maximum strength and variety

FRAGRANCE ACCESSORIES

Exodor Fragrance Spray

- Use when additional odor control is needed
- Versatile water-soluble formula
- Apply directly to surface, lasts for days

“On construction type rentals, 84% if the operators utilise an enhanced fragrance as a standard part of their service.”
- Sanitation Journal, May 2014

Exodor Washdown Cleaner

- A scented effective washdown cleaner formulated especially for plastic surfaces
- Available in different fragrances
- Varying dosage concentrations
- Fragrance will last for days after washdown
- Available in 20L drums

Use 30mL-60mL per 19L of fresh water

- All natural super concentrate
- Stabilised bacteria and enzyme system rapidly digests and deodorises waste
- Reduces scale build-up in plumbing lines, pipes and holding tanks
- Contains exclusive EVERBLUE™ Non-Staining deep blue colour

VACU-FRESH

Pump Exhaust Deodoriser System

Vacu-Fresh® Pump Exhaust Deodoriser System

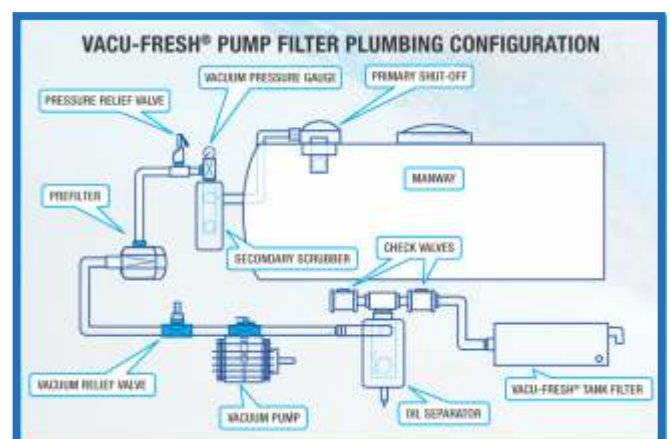

Eliminate odours from sewage pump truck vacuum pumps

The Vacu-Fresh® Vacuum Pump Exhaust Deodoriser System eliminates odour coming from the vacuum pump on sewage pump trucks. It consists of a filtration tank which is installed in the exhaust line after the pump and a special deodorizing liquid which is added to the filtration tank. The tank contains special baffles which ensure the foul smelling exhaust air comes in contact with the deodorising liquid, which then captures the odour, and the exhaust exits the filter tank odour-free.

Scented Vacuum Pump Oil

Eliminate obnoxious exhaust odours

An effective solution when used with or without the Vacu-Fresh® system to eliminate offensive exhaust fumes.
