# SAFE-T-FRESH AIRWORKS

Airworks are powerful deodorising discs that are loaded with your favorite fragrance oils, designed to knock down the worst odors in your toilet cubicles.

Simply place the disc on a hook in the toilet cubicle if it's a portable toilet, or in the toilet room for a toilet block.

These discs are economical, efficient and convenient. Zipper closure bags ensure a longer product shelf life. Available in all fragrances to match our holding tank deodorisers.

## Fragrances

- Hot Cinnamon
- **Bubble Gum**
- Fresher n' Cleaner
- Cherry
- Lemon
- Razzle Berry
- **Lavender**
- Mulberry
- Coconut Cream

## Sizes Available

100/Bag  
3 Bags/Carton (300 disks)

### Attention:

Do not place disks in contact with toilet paper. Can damage painted or varnished surfaces. FACT: The EPA (USA) has classified "para" blocks as a possible human carcinogen (cancer causing). According to the EPA, long-term inhalation exposure in humans results in effects on the liver, skin, and central nervous system.

Refer to the SDS for more information on how to properly handle the use of this product.

# SAFE-T-FRESH QUICKSCENTS PLUS

Safe-T-Fresh QuickScents Plus portable toilet deodorisers are dissolvable powder packets, ideal for normal temperature and traffic conditions. Formulated to release biocides at staged intervals, QuickScents delivers outstanding odor protection between services.

The unique outer film dissolves quickly in warm, soft, high or low PH and hard water situations. For brine water (highly salty water) Safe-T-Fresh liquids will perform at a higher level.

## Features

- Superior Odor Control
- Long Lasting Blue Color
- Non-Formaldehyde
- Drop-N-Go Convenience
- No Mixing, Waste or Mess

## Fragrances

- **Bubble Gum**
- Coconut Cream
- **Mulberry**

## Sizes Available

85 per bag  
255 per case (3 bags)

# SAFE-T-FRESH QUICKSCENTS BIO

Safe-T-Fresh QuickScents BIO portable restrooms deodorisers are our most powerful, all-natural, powder packets having a unique combination of odor control and cleaning power to insure your portable restrooms remain fresh and clean.

The all-natural ingredients in QuickScents BIO break down waste to prevent piling and dissolve residual waste found on tank walls and tubing, two things that cause the greatest amount of odors.

**Incredibly strong, long-lasting protection throughout the entire service cycle.**

- Environmentally Safe Odor Control
- Beneficial to Waste Dump Sites
- Liquefies Waste & Digests Restroom Tissue
- Drop-N-Go Convenience
- No Mixing, Waste or Mess

## Fragrances

- Bubble Gum

## Sizes Available

- 85 per bag
- 340 per case (4 bags)

# SAFE-T-FRESH BLUEWORKS 150

Safe-T-Fresh Blueworks 150 is the most powerful liquid product made in the Safe-T-Fresh range. Blue Works 150 holds up under sweltering heat and the worst conditions. Ultra concentrated, non-staining blue dye holds up under the worst of conditions – Unsurpassed fragrance and odor-fighting technology.

This product is designed for large waste holding tanks such as those found with toilet and ablution blocks. Tanks of several thousand litres and greater in capacity are the ideal use scenario for this product.

## Extreme Traffic, Extreme Heat

When extreme environments demand extreme measures, only the very best will do. The Blue Works Series portable restroom deodoriser packs an unsurpassed punch with the strongest fragrances combined with superior odor control technology and deep non-staining royal blue dye.

- Superior Odor Fighting Technology.
- More Powerful and Longer Lasting Fragrances.
- The Highest Level of Non-Staining, Royal Blue Dye.
- Guaranteed Unsurpassed Quality Control.
- Ready-to-Use and Ultra-Concentrated Formulas.

# SAFE-T-FRESH PUMP OIL ADDITIVE

Safe-T-Fresh Pump Oil Additive is designed to eliminate the offensive odors from portable restroom and septic trucks use Safe-T-Fresh's Pump Oil Additive.

The oil-based molecular odor neutralizer mixes into the vacuum pump oil without damaging it. When the pump is in use the oil fragrances the exhaust air from the vacuum pump masking odours and ensuring a pleasant smell to the area around the trucks operation.

## Fragrances

- **Bubble Gum**
- Cherry
- Mulberry
- Hot Cinnamon

## Sizes Available

20 litres

# SAFE-T-FRESH EXHAUST VAPOR SCENT

Safe-T-Fresh Exhaust Vaporizer Scent uses a uniquely formulated essential oil to neutralise exhaust odours within a specially designed evaporation chamber. In the chamber, the essential oil is activated and vaporized by the heat of the pump's exhaust.

This product is the additive only, not the chamber itself.

## Fragrances

- Mulberry

## Sizes Available

20 litres
